SPECTATORS GASP WHEN THE FIGURES ARE GIVEN

Five Hundred Dollars for Silk Stockings and \$1,500 for Shoes Seemed Trivial to Mrs. Gould.

NEW YORK, June 12.—What appeared to be a hazy memory of Mrs. Katherine Clemmons Gould yesterday brought a rebuke from Supreme Court Justice Dowling, who is hearing her suit for separation against her husband, Howard Gould.

As uncertain as was the witness' memory at times, she did not fail to take advantage of that very fact, when occasion twice offered. Once she apologized for her inability to tell whether certain restaurant checks were hers or not, saying that she was interested in knowing "how her husband spent his money," and again when she could not tell whether a diamond pendant valued at \$12,300 had been bought by her, or her husband "for another." Delaney Nicoll, Mr. Gould's counsel, protested vigorously against this insinuation and Justice Dowling, with some asperity, ordered it stricken from the record.

The amounts of assorted jewels, tailors', customers' and bootmakers' bills continue to make the spectators admitted to the court room gasp and stare. The articles purchased included the pearl rope which the witness wore yesterday, listed at \$27,000; a diamond pendant at \$15,300; a diamond chain at \$22,000; a diamond diadem at \$24,000, and a sapphire ring

at \$6,000. Such little things as \$500 worth of silk stockings at a time, or \$1,528 for shoes were trivial by comparison. Five tailor-made suits were ordered at a cost of \$5,807.

Mrs. Gould identified a letter which passed between counsel for both sides. It was dated Nov. 23, 1907, and was addressed to Mr. Shearn. It went on to say that Mrs. Gould had run up \$70,773.51 worth of bills in that year. Notice was given that responsibility for these bills would not be continued by the defendant. The alimony allowance of \$25,000 was to be paid to Mr. Gould in monthly installments.

With Buffalo Bill.

Delaney Nicoll questioned Mrs. Gould about the Blue Gap farm near Lynchburg and the witness said she paid \$38,000 for it. After Mrs. Gould had told what she had taken from Castle Gould to the Lynchburg farm, Mr. Nicoll asked the witness her age, but the court excused her from answering that or from telling where she was born.

Mr. Nicoll asked the witness if she had ever traveled with a Wild West show. Mrs. Gould replied that she had traveled once with Miss Ada Cody and had accompanied the show to Naples, Rome and other European

SANITARIUM NOTES

That the National Old Fellow's Sanitarium is attracting the attention of those who are interested in medical matters throughout the State was apparent during the recent convention of the druggists. Many of them inquired particularly about the Sanitarium and requested descriptive pamphlets, which were furnished them. Those who paid a visit to the institution expressed themselves as being surprised and pleased to find it so completely equipped in every department.

Dr. Parnell of Fort White was a visitor to the Sanitarium Thursday. He remarked that the institution seemed to have every facility for the successful treatment of both medical and surgical diseases.

Mrs. Susan Bradley, the head nurse, took a day off Thursday and joined a party of friends for a flying trip to Worthington Springs. Miss Green had charge during her absence.

Mrs. H. A. Bailey of Campville, who came suffering severely from the effects of a fall which fractured one of the bones of her hip, is improving rapidly.

J. H. Dyess, a prominent and popular citizen of Campville, has been in the Sanitarium during the past week, suffering with an attack of acute appendicitis. He is now much better and is thought to be entirely out of danger.

The Sanitarium expresses its thanks to Mrs. J. G. Nichols for the donation of one dozen sheets and one dozen pillow-cases, both of fine quality, which arrived by express from the summer home of Col. and Mrs. Nichols, at Green Harbor, Mass., a few days since. Such donations show the proper spirit, and gifts of this kind are always highly appreciated.

ATLANTA, June 12.—Hon. J. Randolph Anderson of Savannah, one of Chatham's new members of the Legislature, spent yesterday in Atlanta. Discussing the prospect of prohibition legislation at the coming session, he said:

"I do not anticipate that the prohibition question will be agitated at the summer session of the Legislature. I believe the different factions or ele-

NO FORECLOSURE FOR SEABOARD AIR LINE

Definite Action Toward Dissolution of Seaboard Receivership Has Been Taken in New York.

NEW YORK, June 12.—Definite action toward the dissolution of the Seaboard Air Line Railway Company receivership was taken here yesterday. Although no official statement was issued, it was learned that the general reorganization committee had met and practically agreed upon a plan of reorganization by which foreclosure of the property is to be avoided and the existing first mortgage 4 per cent bonds will remain undisturbed.

Money to pay off the receivers' certificates and other immediate obligations will be raised by the issue and sale of income bonds. It is expected that the reorganization will be effected without assessing either the

preferred or common shares. It is planned to retire \$2,000,000 of the collateral trusts three-year and ten-year 3 per cent notes before maturity. As now outlined \$2,000,000 are to be called on December 1 and \$1,220,000 on January 1, 1910, thereby automatically terminating the receivership.

The plan also provides for the dissolution of the voting trust on January 1, 1910. A saving of not less than 20 per cent in fixed charges is expected under the proposed plan.

An official statement embodying all these details probably will be issued next week. The banking houses associated with the reorganization committee include Hallagarten & Co. and Blair & Co.

Georgia Legislator Doesn't Expect Prohi. Agitation

ATLANTA, June 12.—Hon. J. Randolph Anderson of Savannah, one of Chatham's new members of the Legislature, spent yesterday in Atlanta. Discussing the prospect of prohibition legislation at the coming session, he said:

"I do not anticipate that the prohibition question will be agitated at the summer session of the Legislature. I believe the different factions or ele-

ments will be content to let the law stand just as it is."

The Chatham county legislator did not believe that the so-called "near beer" problem would precipitate any legislation either.

Concerning other matters of legislation Mr. Anderson expressed the belief that much would depend upon the recommendations of the administra-

Man Disappeared in 1902; Dead Body Just Found

CHARLOTTE, N. C., June 12.—The dead body of E. V. Moore, who disappeared mysteriously the night of May 19, 1902, was unearthed yesterday by workmen excavating for a sewer extension in Dilworth, a suburb. Moore quarreled with a stranger at the fair grounds the night of his disappearance and was supposed to have been murdered and the body

hid. Personal effects were found at the same spot the next day, but no clue to the body nor any trace of the missing man was unearthed until yesterday. The sewer excavation was open at the time and the police think that he may have fallen into it while intoxicated. He left a widow and two children and the remains were turned over to the family for burial.

Condemned Man Fought Desperately on Scaffold

FLORENSVILLE, Tex., June 12.—Using as a weapon a metal spoon, sharpened to keen edge, Refugio Juarez, sentenced to hang for criminal assault upon a 15-year-old girl, fought desperately on the platform of the scaffold to prevent the execution, and succeeded in stabbing Sheriff William Wright over the heart when he at

tempted to adjust the black cap. The blade, however, was deflected when it struck a bone and the wound is not considered necessarily serious.

When the man was subdued, the execution was proceeded with, a brother of the wounded officer acting in his stead.

The man protested his innocence to the end.

Sewing Machine Agent Is Dead From Shot in Temple

BARTOW, Fla., June 12.—Frank P. Gatlin, agent in this place for a sewing machine concern, ended his life

self in the right temple. Financial troubles and poor health are believed to be the cause of the rash act.

Victim of "Black Hand" Wrapped in Brown Paper

NEW YORK, June 12.—The dismembered body of a man with the head missing was found by the police here Thursday night neatly done up in two bundles of brown paper and black oiled cloth. The bundles had been left in the charge of a small boy by a stranger, who had promised

him 5 cents to watch them till he came back. The bundles were taken to the nearest station house.

On the wrappings was written in letters of red three inches high, "Black Hand."

There were three stab wounds in the chest of the body, two of which would have been fatal.

OLD BUILDINGS REMOVED.

Brick Work Will Commence on New Building Within Next Week.

The old wooden buildings which have filled the lot of Mrs. Lois Tucker at the corner of Garden and Pleasant streets for many years, have been torn away preparatory to the building of the new brick building.

The contractors, the Eddins Manufacturing Company, are hard at work on the site and expect to commence the brick work during the coming week. The entire lot will be covered with five new brick one-story stores and the owner states that they have already been spoken for as soon as completed.

Former Gainesville Man Smashed Face of Another

ATLANTA, June 12.—A lively fight on the Liberal ticket, punched Joseph Schacter, proprietor of The Fashion, in the face. The fisticuff resulted from some unsought advice given Tapp by Schacter.

LAKE NEWNAN WILL PROVE POPULAR PLACE

DAVIS AND GRAHAM PLACE NAP.

THA LAUNCH ON WATERS.

Pavilion Will Be Erected and Place Be Made One of Comfort and Pleasure for Visitors.

Lee Graham and G. Henry Davis are among the first to install a naptha launch on Lake Newnan, which will be used exclusively for pleasure by them and their friends.

The suggestion of The Sun that a pavilion be erected at a suitable point on the lake for the accommodation of all that would like to visit such a place has met with hearty approval of a large number and steps will be taken at once for the building.

Mr. Davis stated Saturday that they were undecided yet as to the location of the pavilion, but it would be erected during this summer, and that there were a number of other boats to be ordered and placed on this beautiful body of water.

The boat ordered by he and Mr. Graham has arrived and was placed on the lake Saturday.

After they have erected the pavilion an effort should be made to secure a hard road to the lake, as it would afford much pleasure and amusement to all the citizens, besides bathing could be had there at but little cost.

Sea Island Cotton.

Fancy Georgia and Florida Sea Islands sold in the Savannah market last week at 21 to 22 cents. Sales for the week were 682 bales. Crop accounts are more favorable, weather conditions having been more propitious during the week.

NEWS OF CITY AND COUNTY CONDENSED

KIRBY SMITH CHAPTER.

Large and Enthusiastic Meeting Friday Afternoon.

The regular monthly business meeting of Kirby Smith Chapter, U. D. C., which was held at the residence of the president Friday afternoon, was largely attended and very interesting. Greetings were read from the State president, and the annual report of the president of the chapter to the State convention was also read, which showed in detail the work of the ladies during the past year. Two new members were accepted.

Elegant refreshments were served, and altogether the meeting was one of the most enjoyable and interesting in the history of the chapter. Mrs. J. M. Alvarez of Starke, recording secretary of the State Division, was the guest of honor, and her presence was highly appreciated by the ladies.

Excursion to Fernandina.

C. M. Dickerson, traveling passenger agent of the Seaboard Air Line, is among the visitors to the city. He is here for the purpose of making arrangements to have a special excursion train run from this city to Fernandina on June 15th. Aside from the attractions that will be offered by the city, the place will afford seaside bathing and other pleasures of this nature and will doubtless be well patronized.

A Delightful Occasion.

Little Miss Mary Thomas tendered her young friends a party in honor of her seventh birthday at the home of her parents, Dr. and Mrs. T. F. Thomas, Saturday afternoon.

Quite a number were present and a most delightful two hours were enjoyed by the young folks.

Delicious refreshments consisting of ice cream, cake, candy, etc., were served.

Everyone would be benefited by taking Foley's Orino Laxative for constipation, stomach and liver trouble, as it sweetens the stomach and breath, gently stimulates the liver and regulates the bowels and is much superior to pills and ordinary laxatives. A favorable crop report has been received for Texas by The Galveston News showing an unusually large acreage in all crops and that all are doing well. Cotton acreage in Texas is 192.7 and condition 94.2, as compared with last year.

Secretary of the Navy Meyer has decided to take out of active service all but sixteen battleships, which will be retained as the Atlantic fleet. This is in accordance with the President's decision to decrease the naval expenses for the fiscal year 1910-11.

The following from The Inverness Chronicle is duly appreciated: "The Gainesville Sun claims an addition to its subscription list of over 1,000 since December, 1908. The only thing that surprises us is that there is a single man in Alachua county who can read, that does not take the paper."

No one should shrink from criticism if it is not made in the spirit of hostility. When it is honestly and kindly given and as honestly and kindly accepted it makes for progress and betterment. And if it is made with hostile intent the chances are that it is the critic and not the one who is criticised who ultimately suffers.

French capitalists are turning to Canada as a field for investment. Their experience with Russia in which they have invested thousands of millions of dollars has been far from profitable and naturally they turn to countries where the prospect is more inviting. On sentimental grounds as well as financial they will probably find Canada with its rapid development of resources, enterprise, and stable institutions far more to their liking.

Mrs. Annie is going to get married again, she thinks. It has been less than a year since Capt. Hains shot and killed her husband, so she won't marry right away; but when the year is out—well, if the man she has in mind proposes, there will be a wedding. So far there has been no proposal and no engagement, and the lady is doing a turn in vaudeville in New York at something under a million a week. "But," she told a New York Sun reporter, "I am contemplating marriage." But she won't tell the name of the interesting man, because he hasn't yet asked her to marry him.—Savannah News.

GOVERNMENT'S CROP REPORT.

The Government's winter wheat condition report for June 1, at 80.7, exceeds by only a small fraction the ten-year average of 89.5, indicating, in comparison with May, that the crop during the latter month lost 2.5 per cent of its condition. Most of the State reports indicated a gain in condition during May, so that the Government's return is in a measure a disappointment to the trade.

On the other hand, spring wheat condition for June 1 is the highest in six years, and materially in excess of the ten-year average. This excellent condition together with an increase in acreage to the largest in the record of the spring wheat crop since 1901, gives an especially good outlook for that branch of the wheat crop.

The condition of oats of 88 for the principal surplus States, coupled with an acre of 778,000 acres greater than last year, indicates a larger yield than has been the case for recent years.

The indicated winter wheat yield of 298,555,000 bushels is the smallest with one exception in six years. A feature of promise is the higher yield of 14.3 bushels per acre. On the low acreage reported last month the combined winter and spring wheat yields are 652,251,000 bushels, according to the new method, compared with totals of 664,802,000 bushels in 1908, 634,087,000 bushels in 1907, and 725,261,000 bushels in 1906.

WARNING TO YOUNG MEN.

The execution of a white man in Jacksonville Friday for the murder of his sister leads The Metropolis to offer a bit of excellent advice to young men. It says:

"Today Otis D. Smith, a young white man, paid the extreme penalty for crime by being hanged until dead in the jail in Jacksonville, and again the majesty of the law has been vindicated. This man, who possessed the qualifications of business, and good citizenship, forfeited all through strong drink and lust. Had he turned his talents that God had bestowed upon him into proper channels he would now be alive and a bright member of society and respected by his fellows. 'The wages of sin is death,' and so demonstrated in this case. Smith chose a downward course, and it led to disgrace and ignominious death. He, instead of being the protector of the person and good name of his young sister, Cora Bell Smith, was her worst and most cruel enemy, and died with the stain of her life blood upon his soul. The demands of an outraged law have been satisfied and Smith hurled into eternity, where he must now answer for the deeds done in the body.' Let other young men beware of evil temptations and the commission of crime."

It was stated by Dr. William C. White of Pittsburgh at the recent meeting of the National Association for the Study and Prevention of Tuberculosis, that 90 per cent of all the school children in our large cities have tubercle bacilli in their system before reaching the age of nineteen years.

The estimate formed of a man's religion is based upon his deeds and not upon his profession. The man whose actions do not square with his words can never make a favorable impression on others, however orthodox his profession and however lengthy his prayer.

A TRUTH WELL STATED.

A whole volume of sound sense is compressed into a few words by President Finley, of the Southern Railway, in his address to the students of the University of North Carolina. Among other things he said:

"In whatever career the young man of the South may select, he will find opportunities at home among his own people. He will not find it necessary to go either to the North or to the West. As time goes on he will find these opportunities in increasing abundance, for the economic strength of the South, already great, is constantly increasing."

"The wealth of our section in natural resources is being supplemented by increased financial strength, and Southern communities are becoming better able to finance their own enterprises and less dependent on outside capital."

"The South needs every one of her young men, and those who are faithful to her she will bountifully reward."

"Great as has been the growth of the South, that section is only at the beginning of its career of development. The South is not overcrowded with population and can for many years yet furnish opportunities for all who earnestly seek them. Far-sighted financiers, railroad men, and other leaders of industry are almost unanimous in predicting that the greatest development of the next two decades in this country will occur in the South.—Washington Post, June 1, 1909.

SERIES OF BALL GAMES FOR THE COMING WEEK

CORDELE, GA., WANTS GAMES WITH FAMOUS OAK HALLS.

Manager Davis Now Trying to Get His Bunch in Readiness to Accommodate the Georgians.

Manager Henry Davis of the Oak Hall baseball club is now trying to round up his bunch of "sluggers" to meet the Cordele, Ga., aggregation, who want a series of three games here the coming week.

Although he is not ready with his team, Manager Davis will try and accommodate them, but has advised that they try and secure a date with some other club and meet his players upon a later date. In the event they are unsuccessful he will give them the games as asked for, however.

Among the players to arrive and who will be here Sunday are Watson, Miller and Cawthon; Spottsworth on Wednesday and Roy Taylor about the 29th, with the following material already on the grounds: Bullock, Hendricks, Lawson, Graham, Denton and Hartsfield.

Out of the benefit at the opera house the past week nearly enough funds were secured to finish paying for the handsome new uniforms ordered some time since and which have already arrived.

Manager Davis states that by the week beginning the 21st he will get down to business and try and arrange for one or more games each week for the remainder of the season, and proposes to be ready for anything in the State that cares to tackle them. It will not only be his pride to have the winning team, but the pride of the city, and he will see that the high reputation always made by the famous Oak Hall aggregation will be fully maintained. All that he asks is liberal support from the amusement-loving public.

If you are not satisfied after using according to directions two-thirds of a bottle of Chamberlain's Stomach and Liver Tablets, you can have your money back. Real Estate Is Exceedingly Active for This Season of Year.

Gainesville and Alachua county realty was never more active than at the present time, and the remarkable feature of it is the fact that it is holding up during the dull season.

DEATH OF BARNEY WIGGINS.

Expires at Home of His Parents in East Gainesville.

Barney, the sixteen-year-old son of Mr. and Mrs. I. V. Wiggins, died at the home of his parents in East Gainesville Friday evening from congestion of the bowels.

He had been ill only a short while and his numerous acquaintances will miss him, as he was quite a favorite among the younger element.

The funeral services were held from the residence Saturday morning, the interment being in Evergreen Cemetery, a large number of friends of the family following them to their last resting place.

The Thomas Undertaking Company had charge of the remains.

ARCHER NOTES.

ARCHER, June 12.—Mrs. Edward O'Donald of Jacksonville arrived last week and will be the guest of her parents, Mr. and Mrs. J. T. Fleming, for several weeks.

Mr. and Mrs. Hale Crevasse of High Springs, Mrs. W. J. Groves of Morriston, and Miss Dorothy Quinn of Otter Creek, left yesterday for their respective homes after a very pleasant visit of a few days to Mr. and Mrs. H. Maddox.

Guy Fleming is spending a few days in Cedar Key hunting and fishing.

Archer gave a big Sunday school picnic to Worthington Springs Thursday in which Bronson, Meredith, Wiliston and Raleigh all joined and all had a very delightful time.

C. D. Wood is having a very large warehouse erected to enable him to accommodate his increasing business.

J. E. Wells is having a modern store built on Main street.

Lame shoulder is almost invariably caused by rheumatism of the muscles and yields quickly to the free application of Chamberlain's Liniment. This liniment is not only prompt and effectual, but in no way disagreeable to use. Sold by all druggists.

MARRIAGE AT ISLAND GROVE.

Miss Mary Simmons and Mr. M. B. Boulware Contracting Parties.

ISLAND GROVE, June 12.—An event of more than ordinary importance was the marriage of Miss Mary Simmons and Mr. M. B. Boulware on the evening of the 10th inst., in the Baptist church at Island Grove, Rev. J. N. Thompson officiating.

The popularity of the couple filled the church to overflowing with friends who came to offer congratulations by their presence.

Precisely at 8 o'clock, the time appointed for the occasion, the bridal couple made their appearance at the church and wended their way down the long aisle to the music of the wedding march rendered by Mrs. G. B. Crosby. After this the ceremony was performed in a solemn and impressive manner by the pastor of the church.

The bride was attired in a lovely gown of white muslin elaborately trimmed with lace. She wore a sash of white satin ribbon, and gloves to match, her long white tulle veil being arranged with a lovely white wreath of roses. She carried in her arm a bouquet of white flowers.

The groom wore a suit of grey and was looking his best.

Miss Simmons is the daughter of Mr. and Mrs. Joseph Simmons and is a popular young lady of Island Grove, and Mr. Boulware, who is also popular, is to be congratulated upon winning the affections of so worthy a lady. Their many friends rejoice with them that their life's vale is strewn with flowers fresh, and wish for them a long and happy life.

BURKHIM'S PIANO CONTEST.

Capt. Alvarez of the Seaboard Is Running 'Em Some.

Capt. Alvarez, the genial conductor of the Seaboard "short" between Waldo and this city, is getting down to business and has made tremendous gain during the past week and is only a few thousand behind the public school.

Only a short while remains for you to get busy and win this handsome instrument, so put your friends to work in your behalf.

Following is the result as counted last night:

High School	299,106
Capt. Alvarez	255,945
Miss Ellis (Band)	199,745

OFF FOR THE MINES.

Duncan Jordan Was Sent to the State Camps Saturday.

Deputy Sheriff Bruton left Saturday with Duncan Jordan, the white man from High Springs who was convicted and sentenced to life imprisonment at the last session of court.

Jordan comes from a splendid family. He has always been engaged in some clerical calling, and the new duties that he will probably have to assume at the mines will prove a great hardship for a man of his years, especially in view of the above facts.

He is the first white man to receive this sentence in this county for number of years, which means that for the remainder of his life he will be compelled to serve time unless the Board of Pardons should be prevailed upon to grant him liberty again.

Cutting Affray Saturday.

Two little negro boys became engaged in a fight on Saturday afternoon when one drew his knife and stabbed the other on the left shoulder. Dr. R. B. Ayer dressed the wound and stated that it amounted to only a slight cut, and was in nowise dangerous. Neither of the boys' names could be learned.

When Your Joints Are Stiff

and your muscles sore from cold or rheumatism, when you slip or sprain a joint, strain your side or bruise yourself, Painkiller will take out the soreness and fix you right in a jiffy. Always have it with you, and use it freely. The oldest, the cheapest and the best medicine for internal and external aches and pains in man is Perry Davis' Painkiller, and for over seventy years it has been the great standby for emergencies in thousands of families all over the world. OWENS REMAINS INDIFFERENT IN THE JAIL

WANTS MEETING HELD IN PRISON FOR HIS BENEFIT.

Spends His Time Reading Bible and Laughing and Chatting With All Callers at Jail.

R. H. Owens, the white man now confined in the county jail and sentenced to be hung on July 5th, was seen by The Sun reporter on Saturday and asked if he had anything to say for the public.

He stated that he had religion, and that Rev. T. P. Hay of the Presbyterian church is helping him a great deal during this time for the benefit of his soul.

At the last appearance of the minister, he asked Mr. Hay to bring a number of people to the jail and have a meeting in the place, for he felt that this would greatly help him.

At times Owens talks very earnestly in his efforts toward seeking religion and one would judge that he is finding faith in his Maker, then at other times he is hard to understand.

During Friday afternoon he was with his wife, talking of the hanging, and both were laughing, hence it seems that neither of them can take the matter in a serious way.

Refuses to Shave.

Owens has stoutly refused to have himself shaved, claiming that he will let his beard grow to keep the rope from scratching his neck and such other foolishness, and people who visit him cannot work up much sympathy for the man.

He keeps his Bible, and when someone is not visiting at the jail, can very often during the day be found reading it with all the interest imaginable, and on the other hand will laugh and talk of the hanging in a half-hearted manner, which shows that he is either not capable of understanding his predicament, or else cares little for this life.

Don't Diet For Fat

You have no appetite for gruel, have you? By the same token, if you scale in excess of 150 pounds, I know you have no great liking for gymnasium stunts. As a rule fat folks are neither athletic nor ascetic, except under compulsion, and nowadays they are not under compulsion to be either, no matter how necessary it is for them to reduce. There is a third, better, and surer way of getting rid of superfluous flesh.

The trouble with both dieting and exercise is, first, the trouble; second, the danger (fatty heart); third, wrinkles; and, fourth, stomach disgust.

You are liable to all four, if you exercise or diet. On the other hand, you can sidestep all four, and still reduce as much or little as you please, even up to losing a pound a day. If you see fit, by taking a teaspoonful after meals and at bedtime of the following simple home receipt:

One-half ounce Marmola, 1/2 ounce Fluid Extract Cascara Aromatic, and 3/4 ounces Peppermint Water.

Any druggist will fill this prescription for you cheaply, and you may take it with perfect confidence that it will do no manner of harm. Instead it almost invariably improves the health and, likewise, the complexion.

Man Killed Twice.

An English paper is responsible for stating that a man "was overtaken by a passenger train and killed. He was injured in a similar way about three years ago."

HEALTHY PLANTS

Require the Most Careful Attention as Well as Good Soil.

Did you ever see a rosebush which, despite the most benignant environment of soil—of sunshine—and of atmosphere, seemed never to achieve a healthy growth?

A ton of manure will not help a plant that has a cancer eating out its heart.

You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vaseline, etc.

You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out.

Newbro's Herpicide destroys the germ, and healthy hair is the sure result.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

AFTER SUFFERING TEN YEARS

Cured by Lydia E. Pinkham's Vegetable Compound

MARLTON, N.J.—I feel that Lydia E. Pinkham's Vegetable Compound has given me new life.

I suffered for ten years with serious female troubles, inflammation, ulceration, indigestion, nervousness, and could not sleep. Doctors gave me up, as they said my troubles were chronic. I was in despair, and did not care whether I lived or died, when I read about Lydia E. Pinkham's Vegetable Compound; so I began to take it, and am well again and relieved of all my suffering. —Mrs. GEORGE JORDY, Box 40, Marlton, N.J.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and to-day holds the record for the largest number of actual cures of female diseases we know of, and thousands of voluntary testimonials are on file in the Pinkham laboratory at Lynn, Mass., from women who have been cured from almost every form of female complaints, inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration. Every suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial.

If you would like special advice on your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

MELROSE MENTION.

Avocado Pears Successfully Grown at Earleton—Personal Notes.

MELROSE, June 12.—That Avocado pears can be raised successfully here was proved by two fine specimens received a few days ago by your correspondent. They were grown at Earleton, on the shores of Lake Santa Fe by Baron von Lutteau. The tree is fully 30 feet high and has fruited for several years. Another new fruit or vegetable is being grown by C. D. Miller of Melrose. It is called a vegetable lemon. He has also a fine stand of wonderberries, which are just setting fruit.

The list of delinquent town taxes for 1908 is posted at the post office. Are you there?

Very favorable news of the condition of Albert Goodson is given out, who is rapidly recovering from his sickness. The nurse will probably return to Jacksonville on Monday.

Dr. W. H. Lee, Jr., has gone to Ocala to appear before the State Medical Board.

Among the visitors in town during the week were Rev. and Mrs. Sistrunk, Micanopy, and O. C. Husband, Starke.

Men Past Fifty in Danger.

Men past middle life have found comfort and relief in Foley's Kidney Remedy, especially for enlarged prostate gland, which is very common among elderly men. L. E. Morris, Lester, Ky., writes: "Up to a year ago my father suffered from kidney and bladder trouble and several physicians pronounced it enlargement of the prostate gland and advised an operation. On account of his age we were afraid he could not stand it and I recommended Foley's Kidney Remedy, and the first bottle relieved him, and after taking the second bottle he was no longer troubled with his complaint." J. W. McCollum & Co.

Reassuring Him.

"A little final advice," said a professor of elocution, addressing his pupils before the annual entertainment—"go well to the front of the stage, don't hesitate and don't be nervous!"

"But, I say, professor," remarked a very self-satisfied member of the class, "suppose I forgot part of my oration?"

"Oh, that doesn't matter," replied the professor. "On the contrary, the more of it you forget the better the audience will like it!"

Kept Him Busy.

"Did you do much sightseeing when you went abroad?"

"No," answered Mr. Cumrox. "Mother and the girls did the sightseeing. I had to put in my time finding the places where they cash letters of credit."—Washington Star.

RESOLUTIONS OF RESPECT.

Committee Draft Them for Approval of the Bar Association.

W. H. Palmer, Esquire, a member of the bar of this court, died January 31st, 1909. Mr. Palmer was a native of the State of Michigan, having been born there 65 years ago. He was raised and educated in that State and graduated from the law department of the State University located at Ann Arbor in 1871. He practiced law in Detroit and other points in Michigan for some twelve or thirteen years, and was for a while a member of the Legislature of that State.

In 1884 he came to Gainesville, Florida, seeking a home in a more genial climate. In the first four years of his life here he was editor of a newspaper published in this city, but began the practice of his profession here in the latter part of 1889. This he continued until his death. For the last four years of his practice he was referee in bankruptcy, under appointment of Judge J. W. Locke, United States District Judge for this division of the then Southern District of Florida.

While modest and unassuming, Mr. Palmer was a man of strong convictions and of firm and upright character. Of excellent business judgment and foresight, he was also generous and charitable. He was courteous in habit and speech, fair and honorable in every way in his relations with his brother practitioners. His death is a loss to the bar of this country, of which they are deeply sensible and his example is worthy of emulation. Therefore be it

Resolved, That the bar of this court give expression to their esteem and regard for their departed brother practitioner and record this evidence of their sorrow and irreparable loss; be it further

RESOLVED, That these resolutions be engrossed upon a page of the minutes of this court, which shall be set apart to his memory, and that the clerk of this court do forward a copy thereof to the members of his family. Respectfully submitted,

ROBERT E. DAVIS,
HORATIO DAVIS,
E. E. VOYLE,
Committee.

State of Florida County of Alachua: J. S. H. Wienges, Clerk of the Circuit Court, Eighth Judicial Circuit of Florida, in and for Alachua county the same being a court of record, do hereby certify that the above and foregoing is a true and correct copy of what it purports to be from the face thereof as the same appears of record in Judgment Book No. 13 at page 121, the same being one of the public records of my office and the minute book of our circuit court.

In testimony whereof I have hereunto subscribed by name and affixed the seal of our said circuit court this the 11th day of June, A. D. 1909.

(Seal) S. H. WIENGES,
Clerk Circuit Court.

Poor Milk

Is often thought to be responsible for an infant's loss in weight or general poor health. The cause usually is that the child has worms. They get the nourishment of the food and the baby starves, actually starves. White's Cream Vermifuge expels the worms and nourishes the child, sure and safe. Price 25c, 50c and \$1.00. Sold by W. M. Johnson.

Football as Played in Labrador.

One must not imagine it is all work and no play with the Labrador Eskimos. Much to my surprise, I found that our good old game of football had taken hold in Ungava. The game is played with a ball of sealskin stuffed with grass. The goals are placed much the same as in our own game, and each player is armed with a short handled sling made of several thongs of seal hide bent in loops and attached to a wooden handle. The ball may either be tossed in the sling, kicked or, should opportunity offer, picked up and carried. Rough tactics are not barred. I have seen a man tossed in the air and pitched head foremost into a snow bank, while pushing, tripping and blocking are all freely indulged in.

BETTER THAN SPANNING.

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W, South Bend, Ind., will send free to any mother her successful home treatment, with full instructions. Send no money, but write her today if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day.

LINCOLN'S STORY.

It Contained a Lesson For the Man With a Grievance.

An old farmer once called at the White House and complained that the Union soldiers in passing his farm had helped themselves not only to hay, but to his horse, and he hoped the president would urge the proper officer to consider his claim immediately.

"Why, my dear sir," replied Mr. Lincoln blandly, "I couldn't think of such a thing. If I consider individual cases I should find work enough for twenty presidents."

The caller urged his needs persistently, and Mr. Lincoln declined goodnaturedly.

"But," said the persevering sufferer, "couldn't you just give me a line to Colonel — about it—just one line?"

"Ha, ha, ha!" responded the president, crossing his legs. "That reminds me of old Jack Chase out in Illinois."

"You see, Jack—I knew him like a brother—used to be a lumberman on the Illinois river, and he was steady and sober and the best raftsman on the stream. It was quite a trick to take the logs over the rapids, but he was skillful with a raft and always kept her straight in the channel. Finally a steamer was put on, and Jack—he's dead now, poor fellow!—was made captain of it. He always used to take the wheel going through the rapids. One day when the boat was plowing and wallowing along the bolling current and Jack's utmost vigilance was being exercised to keep it in the narrow channel a boy pulled his coattail and haled him with:

"Say, Mr. Captain, I wish you would just stop your boat a minute! I've lost my apple overboard!"

"Think that story over, my friend, and see if you can find any lesson in it."

A LOVER OF PEACE.

He Had Decided Opinions on the Way to Abolish War.

"Men talk sincerely," once said W. T. Stead, the great apostle of peace, "about loving one another, about the universal brotherhood of man, and in the same breath they assert that it is right to burn and maim and kill in war. They are not so logical as a young colored recruit who served in the Philippines. This young man at the end of his initial engagement was hauled before his captain.

"So you ran at the first fire, did you?" said the captain scornfully.

"Yes, sah, an I'd 'a' run sooner, sah, if I'd known it wuz comin'."

"Have you no regard for your reputation, Calhoun?"

"Mah reputation hain't nuffin' to me, sah, 'longside o' mah life."

The captain smiled and twirled his mustache. Here was an intelligent young man. He'd talk him over to the right point of view.

"Even if you should lose your life, Calhoun," he said, "you'd have the satisfaction of knowing that you had died for your country."

"Wot satisfaction could dat be to me, sah, when de power o' feelin' it wuz gone?"

"Then patriotism means nothing to you?"

"Nim, sah. I wouldn't put mah life in de scales agin any government dat eber existed, for no government could replace de loss o' me."

"Calhoun, if all soldiers were like you the world's governments would all go to pieces."

"On de contrary, sah, dey'd last forever, for, if all soldiers wuz like me, den dere couldn't neber be no fightin'."

The Last Straw.

"Every time I give a party," cried the disengaged hostess, "I vow I'll never give another, but I've decided this time. No more for me. It's the red cheecked man. I don't mind their taking up the rugs and dancing until after midnight and getting dispossess notices served on me the next morning, or leaving cigarette ashes all over the place for me to clean up, or scattering the Welsh rabbit from one end of the flat to the other, but when the red cheecked man sits on my piano keys when he gives an imitation of something or somebody and I have to pay \$4 to have my piano tuned the next day that'll be about all!"—Chicago Inter Ocean.

Illustrious Barbers.

William Winstanley, to whom we are indebted for the "Lives of the English Poets," began his career by soaping faces. Farr, who introduced coffee into England; Dr. John Taylor, whose eloquent voice so often sounded in St. Paul's; Jean Baptiste Belzoni, giant and explorer; James Craggs, secretary of the south sea bubble; Mr. Herbert Ingram of the Illustrated London News; Allan Ramsay, the "Gentle Shepherd"; Lord Chancellor Sugden, Lord Tenterden, Jeremy Taylor and Bizet, the composer of the opera "Carmen," were born and bred and were trained in barbers' shops.—London Notes and Queries.

DOING THEIR DUTY

Scores of Gainesville Readers Are Learning the Duty of the Kidneys.

To filter the blood is the kidneys' duty.

When they fail to do this the kidneys are sick.

Backache and many kidney ills follow:

Urinary trouble, diabetes.

Doan's Kidney Pills cure them all.

Gainesville people endorse our claim.

Mrs. V. E. Spence, 201 W. Arlington street, Gainesville, Fla., says: "It would be hard to describe how I suffered from a weak and aching back. At times the pains were so intense that I could not get up or down. I was also troubled by rheumatism and different parts of my body became stiff and lame. A friend finally advised me to try Doan's Kidney Pills and procuring a box, I began their use. I am glad to say that they lived up to representations, removing the pains and disposing of the rheumatism. I can honestly say that Doan's Kidney Pills did me more good than any medicine I had previously taken."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

A LETTER PRESS.

It Was a Great Bargain, but He Knew It Too Late.

One of the smokers had been exhibiting a diamond pin which he had purchased of a hard up traveler and made at least a hundred dollars on when the gray haired man heaved a sigh and remarked:

"As for me, I never had but one real bargain offered me, and I was foolish enough not to take that."

"Something in the way of jewelry?" was asked.

"No; it was a letter press."

"But I don't see how much of a bargain could be offered in that."

"No? Well, I will tell you. I thought I was in love and was writing two letters a day. Six months later when I knew that I wasn't in love with her, I busted up things, and she sued me for breach of promise."

"But you had been careful in your letters not to pledge yourself."

"I told my lawyer that she couldn't exhibit one single loving sentence in any of my letters—that is, any having connection with matrimony."

"Yes."

"But when the suit came to trial she exhibited over forty letters in which I said that I should die if she turned me down, and the jury awarded her \$2,500 for her broken heart. Yes, sir, and I could have bought that letter press for \$7 and had copies of my letters as fast as written and knew what I was up against at the end. Great bargain, gents—great bargain, and yet I turned it down."—Baltimore American.

THEATRICAL STARS.

Some Famous Ones That Started on the Variety Stage.

Edwin Booth was in his younger days a member of a minstrel company and, unless I am mistaken, appeared in some of the variety shows of that period. He lived to become one of the most noble and dignified figures of his day as well as one of the most distinguished actors that the English speaking stage has ever known. Joseph Jefferson was also a minstrel in the early part of his career, and prior to that he and his sister, both mere children, had been wont to perform on Boston Common and pass the hat among the bystanders.

Lotta was known in the mining camps of California and in the early variety theaters of San Francisco long before she came east in the sixties to win money and fame—"a dramatic cocktail." John Brougham called her in the legitimate houses of Broadway. William H. Crane used to play the timberline in a wandering minstrel company. Nat Goodwin, Lillian Russell and May Irwin came to the front in the early eighties at Tony Pastor's theater. Mr. Goodwin gave imitations of popular actors and lived to become an extremely popular actor himself. Miss Irwin's remarkable humorous gifts were shown in the condensed versions of comic operas that brought Mr. Pastor's entertainments to a close, and it was in one of these that Miss Russell leaped into fame in a single night.—James L. Ford in McClure's Magazine.

Getting at the Truth.

At twenty-three he thought fate was making a special effort to keep him down.

At thirty-five he thought he might have done great things if his wife had not been such a handicap.

At forty he believed he would have been a great man if his children had not made it necessary for him to cling to the sure things.

At fifty he was positive that there was a conspiracy against him on the part of his fellow men.

At sixty he felt that if he could have been thirty-five again nothing could have stopped him.

At seventy he began to believe that he had failed because of a lack of courage and inability to make the most of his opportunities.

At eighty he was almost sure of it.—Chicago Record Herald.

S.S.S.
OLDEST AND BEST
BLOOD PURIFIER

We have never claimed that S. S. S. was a medicine to work wonders, nor one that would cure every physical ailment or disorder. More than forty years ago it was placed on the market and recommended as a blood purifier, and today, after a long and successful career, and when its use has become almost universal, only the same honest claim is made for it—that it is a cure for those diseases and disorders arising from an impure or polluted blood. Time makes no mistakes, and the very best recommendation of S. S. S. is the fact that it has stood a long test and is now more generally used, and has the confidence of a greater number of people than any other blood medicine.

The blood is the most vital force of life; every organ, nerve, muscle, tissue and sinew of the body is dependent on it for nourishment and strength, and as it circulates through the system, pure and rich, it furnishes to these different members the healthful properties needed to preserve them and enable them to perform their various duties. So long as the blood remains free from infection we are apt to escape disease, but any impurity, humor or poison acts injuriously on the system and affects the general health.

Pustular eruptions, pimples, rashes, and the various skin afflictions, show that the blood is in a feverish condition as a result of some humor, or the presence of an irritating, fiery acid. Rheumatism comes from an excess of uric acid in the circulation, while Catarrh, Sores and Ulcers, Scrofula and Contagious Blood Poison, are all deep-seated blood disorders that will continue to grow worse as long as the cause remains. Bad blood may come from various causes, such as a sluggish condition of the system, imperfect bowel and kidney action, indigestion, etc., or the trouble may be inherited; but whatever the cause the blood must be purified before the body can be healthy.

S. S. S. is a natural blood purifier and tonic. It is made entirely of the harmless juices and extracts of roots, herbs and barks of recognized curative ability, and being free from all harmful minerals is an absolutely safe medicine for young or old. S. S. S. goes down into the circulation and removes any and every trace of impurity, humor or poison. It freshens and enriches the blood and cures promptly and permanently Rheumatism, Catarrh, Sores and Ulcers, Scrofula, Skin Diseases, Contagious Blood Poison, and all other blood disorders. S. S. S. is the most reliable and at the same time a most pleasant acting medicine for those whose blood has become weak and who are suffering with Anaemia, Malaria or some other debilitating sickness.

A blood purifier is especially needed in the Spring to cleanse the circulation of the impurities which have accumulated during the shut-in life of Winter, and S. S. S. is the most reliable and certain of good results. Book on the blood and medical advice free. S. S. S. is for sale at all drug stores.
